## Synopsis

A church pianist himself, Mark delighted in the opportunity to create this flexible collection of short, easy-to-prepare hymn arrangements and original compositions. ## Customer Reviews

I am a church pianist and LOVE this book. Most of these I could sight-read yet they have a lovely Mark Hayes "flair". If you need service music add this book to your collection. If you just enjoy playing at home it's a great book to just play through for pure enjoyment.

Full disclosure: I love Mark Hayes' arrangements. Those included in this collection are as beautiful as always. They are not necessarily the abbreviated, concise pieces that the description claims them to be, however. Shorter than a typical Mark Hayes arrangement, perhaps, but most of them would still be too long for incidental or transition music in a church service. Great collection to add to your Mark Hayes folios but "Miniatures"...not so much.

It's Mark Hayes - what else do you need to say! Everything Mark does is fantastic - his piano pieces, his coral works, etc. LOVE LOVE LOVE you Mark! For skill level - all his pieces all areas that most grade 5 and above pianists can accomplish with a little practice. If you can't make some of the runs,

it's fairly easy to find a way to leave parts of them out - just don't tell Mark! Music that sounds beautiful and is fun to play!

Great collection - have already used 3 in church setting.

The book does not have much selection, but the music is good.

These pieces were definitely not miniature. I need shorter music selections for our small church.

These are definitely short arrangements. I expected more intermediate arrangements based on some other reviews.
