Trapped In A Video Game: Book Three (Volume 3)

Synopsis

The robots are here, and they're not happy. At all. After accidentally releasing the robot villains from Super Bot World 3 into the real world, Jesse Rigsby's got to figure out a way to make everything right before anyone gets hurt. He'd usually rely on his friend Eric Conrad to help with this sort of thing, but Eric's gone missing. To find Eric, Jesse will have to survive rickety minecarts, sewer piranhas, mysterious men in suits and a 100-foot-tall robot named Goliatron. This is Jesse's most dangerous adventure yet because this time the video game is real. And in the real world, there are no extra lives.
