Other than a few pages added to the beginning of the book, this is not at all updated. Much of the content in the practice tests is no longer on the 2017 test. Waste of money!

I wish I could give less than one star for this review but unfortunately that is not possible. I absolutely CANNOT believe that Barron's would release the same EXACT book as the previous edition. Besides a few extra pages in the beginning of the book, it is the same exact book as the previous one. TRUST ME when I say SAVE YOUR MONEY and DO NOT PURCHASE this book!

USELESS. NOT UPDATED ONLY BARE MINIMUM. ADDITIONALLY, IT STILL HAS SAME THING AND IT STILL HAS LOGICAL AND SCRAMBLED PARAGRAPH. I RECOMMEND BUYING IVY PREP OR ARGO BROTHERS

Horrible! This book is not updated to the 2017 SHSAT (Except for maybe 10 pages). Also, it is the exact same book as last year.

Wasting money!!! They just added a few pages in the front to the old edition, so disappointed when we got it. DON'T BUY IT!

Does not contain updated SHSAT information, waste of money

I expected this book to mirror the new test. The book is exactly like the old book with the discontinued logic and scrambled paragraphs. Should not be selling this. I can not get to a post office to return it. I would like a refund. Very disappointing.

This book is okay for math, but don't be deluded into thinking it will give you enough prep and insight into the new ELA section of the test. This book is not actually updated to reflect the new test. Still has sections on logical reasoning and scrambled paragraphs, which have been eliminated. Questions still formatted with 5 answer choices instead of 4. The only addition is a section of 32 blue pages in the front which discuss the test changes. Exactly 13 of those pages address the new editing question type. If you are looking for updated information and practice tests for the ELA portion of the test, you are better off downloading the official 2017-2018 SHSAT Handbook from the DOE website and looking into books by other publishers.
