The Bible Knowledge Commentary (Old Testament:)

Synopsis

HELP FROM EXPERT SCHOLARS IN UNDERSTANDING THE SCRIPTURES • What does That verse mean? • How should I interpret this passage? • What is the significance of this word or phrase in Hebrew or Aramaic? • How do Bible-time customs help me understand the meaning of this passage? • How does the information on the author, historical background, and features of a Bible book help interpret that book? The Bible Knowledge Commentary answers these and other questions about the Scriptures, discussing all the Bible verse by verse and often phrase by phrase. In addition, maps, charts, and diagrams help you grasp the meanings of the biblical text. Unlike most others this commentary is by authors from one school - Dallas Theological Seminary. The Bible Knowledge Commentary - popular in style and scholarly in content - will deepen your understanding of God's written Word

I use several commentaries each week. Some are new, and some are older. This one is among my favorites. It is easy to understand, gives in depth knowledge without becoming bogged down, and is well written. This is a great commentary for anyone looking to learn more about the scriptures and get a different perspective. I have purchased this commentary set, OT and NT, and given these to students and ministers as a way to help them expand their horizons. Definitely recommend.

These are truly well researched, well thoughtout, plainly explained, and Biblically accurate reference editions for anyone who desires to get clairifaction on any Biblical passage, Old or New Testament. Highly recommended.

Very good commentary. I like the scholarship of the writers. It's a good commentary to help you understand both the meaning and background of the passage.

All of the authors are connected with the Dallas Theological Seminary ... which means they complement each other.

Excellence!

I bought this book used. It arrived on time and in the condition it was advertised as being. The dust cover on the book I received is different than the one illustrated in the advertising. No problem for me. The text of the book seem to be accurate and according to my personal beliefs. Very good with no complaints.
