Another good collection of Sax Songs in the relatively new Hal Leonard play along series. There's 8

songs here with Eb and Bb parts, so whether you play alto, tenor, soprano, or baritone sax, you're covered! If the songs here interest you, then it's definitely worth a buy! I personally like playing Cleo's Mood, Shot Gun, and Pick up the Pieces. Remember though, these parts are mostly true to the originals, so if you're a beginner, you'll probably need to grow into this book. (Wanna play the sax solo in Pick up the Pieces? You gotta be able to play altissimo!) It comes with a CD you can use to play along and practice with to make the hard parts of each tune easier to learn. Each song has 2 tracks on the CD, one with the sax part played so you can hear what it's supposed to sound like, and another without it so you can play along. So buy it, and have fun making awesome Saxophone music!

Not for a beginner. Most of the songs are not on a beginner level. Player must be able to articulate properly.

Great for old horn players like me who want to play the originals like we used to.

Very well detailed. Delivered on time.

Good songs and sound!

Very nice...
