How to make Bobbin Lace

A guide to the equipment, stitches
and techniques of bobbin lace
for the complete beginner

By Jo Edkins

Synopsis

How to make Bobbin Lace is a guide to equipment, stitches and techniques of bobbin lace, for the complete beginner. It contains step by step explanations, diagrams of the various stitches and patterns to work, starting at a very simple level. This book is available as an ebook and in print. The printed version is a lot more expensive as it has pictures in colour rather than black and white, and anyway, it costs more to publish a printed book! Otherwise the two versions are the same.

Customer Reviews

First of all, I've loved Jo's web pages on lacemaking. They're a wealth of lace knowledge. I'm so glad she decided to publish these books. I have an old Kindle keyboard and when I first downloaded this book I couldn't see any of the graphics. Found out that my software wasn't up to date. Once I updated everything showed up perfectly. So if the graphics aren't showing up, check the version of software...it should be 3.4 (as of the date of this post). Thanks, Jo!!! Looking forward to more publications.

Grab a copy of this book if you are a beginner. It is wonderful. Love the Kindle format other than you

cannot print out the prickings, however; the author does give you a link to download and print the prickings.

Can't wait to do this.

Basic, down-to-earth recommendations and instructions. Very beginner with no one around geographically to consult with, this author was recommended on Pinterest. She "speaks" clearly to the new student and diagrams are very clear.

very refreshing and useful

Excellent instructions on learning how to make bobbin lace. I recommend this ebook to anyone wishing to learn. Very good instructions and very clear on my Kindle app.

Very good

Very good basics. Good pictures to go along with instructions.
