A Message From My Angel Book 1

Synopsis

What if you could learn the name of your angel, receive a picture of your angel's likeness, and receive a five-minute message from your angel? Would that initial message stir your heart enough to start a dialogue with your angel? This unique Christian book that might be more at home in a New Age bookstore is *A Message From My Angel: Book 1*. If you are curious as to what an angel might say to you, this is a great place to put your toes in the water. You will read that the angels had common themes that they spoke about:

- How responsive their charge is to their messages
- How they like to direct and speak through their charge
- What they like about the person that they are guiding and
- How they want their human to start to talk to them.

As an author, I encourage you to not only read this book, but to ask Jesus what your angel's name is and to start to get to know them as they guide you through life. After you jump into the stream, you will never be the same!

Customer Reviews

A Message From My Angel opened my heart more to pursuing a friendship or team effort with the angels that God has assigned to my life. It amazed me that they are so influential in our lives. Apparently they do far more than just keep me from danger. If you want to think of angels as being in some far off place strumming harps all day long, DON'T read this book, but if you want to get a glimpse into the possibilities of angels function and interactions with humans in the here and now... get a copy of this book and read it with an open heart. The only reason I did not give this 5 stars is that I would have liked to see more scriptural references tying in with the revelations of angels.

If you are searching for knowledge about whether angels are real and want to interact with us...this is a good book to start with.

This is a really easy read and very fascinating to hear how much our guardian angels are involved in our lives. The book gives short messages to each person focusing mostly how their strengths and sometimes advice on how they can strengthen themselves in their relationships with others and their relationship with God, Jesus and Holy Spirit as well as their angel (or angels).

These are letters from Angels who had a personal prophecy from their guardian Angel...a decidedly different Unique situation... Make sure as I am sure Matthew has: that if Listening to an angel it lines up with the Bible and is from JESUS
