Really Heiress, how could you leave me hanging like that. I like that. I can't wait until part two. Compton is so damn slow, how can he not see that Monique is playing him, why is she everywhere that Black is. I must be really tripping what was she going to pull out of her purse. Keep up the great work.

Sooooooo, good can't wait for part 2, love Cali, not so much Compton he just did too much and got away with it.

I chose this rating because of all the action, excitement and entertainment from Compton Banks and his family. I think that Compton should just let her go, he can't have his ex and his wife. His wife deserves to be happy. I hope that he doesn't take this out on Sean because he is loyal to his big cousin. I don't know how this will turn out BUT KARMA is a bitch. I can't wait to read the next part.

She's always getting caught up in Compton's wrath, looks can be deceiving. For some reason I do not trust Mo I feel like she's somehow plotting with Mo. I guess we shall see in part 2

Omg this book was awesome those damn Banks was a whole damn mess especially Momma Banks she didn't have any filter and I see where Compton got his smart ass rude mouth from.. It was crazy how a total stranger was forced to marry a young man that she never even laid eyes on but did it for the sake of her dad..

This is my first book by this author and let me tell you it was a good read. I read it in one day now for part 2. Yes

This book was everything from beginning to end drama action intense couples up and down suspense puzzle revelation revealed well written every page intense OMG what a cliffhanger it just got crazy both mess up what will happen

and kept me interested till the end...I know there will be a part two and I will be patiently waiting on it. I wonder why the character Compton could not be stronger. When it came to his ex he was

confused I think...this is a good story
